Technology Integration

Tailor Made (Two Block Session)   10/17/2008 ▾

Date: Fri, Oct 17, 2008 from 2:00 pm - 4:30 pm
Location: Plaza 2 Sheraton PC Lab
Category: Technology Integration
Format: PC Hands-on Workshop

Subject Level: All
Computer Level: Intermediate

Description:
'Tailor Made' Eduware is open framework software developed in The Netherlands for and by Special Needs Teachers. In this presentation, you will be amazed to see how easy it is to create, adjust, and reuse Web-based learning objects. The presenters will share the 'Tailor Made' portal where over 200 Dutch schools collaborate and create during this presentation, with your help, a new piece of 'Tailor Made' Eduware.

Presenters:
- Ted Donkers
- Jan Neelis
- Benjo Plandsoen
- Hans Smeele

Inclusion / Cooperative Learning

Reach Out to Your Pupils/Students at Home, or Wherever!   10/16/2008 ▾

Date: Thu, Oct 16, 2008 from 9:30 am - 10:30 am
Location: Atrium 2 Sheraton
Category: Inclusion / Cooperative Learning
Format: Networking Session / Discussion

Subject Level: All
Computer Level: Beginner

Description:
Thanks to modern ICT tools, it has never been easier to reach out to pupils/students who are unable to attend school daily school. The presenters will share their evidence-based outcome that shows how the use of ICT includes students that cannot attend school and changed their lives forever.

Presenters:
- Marjolein Duchateau
- Henri Hermes
- Reiner Jongerius

Look What I Can Do: From an Adaptation-Based to an Assessment-Based Approach
10/16/2008 ⊙

Date: Thu, Oct 16, 2008 from 12:30 pm - 1:30 pm
Location: Atrium 2 Sheraton
Category: Assessment
Format: Networking Session / Discussion

Subject Level: All
Computer Level: Beginner

Description:
Five Dutch educators will share with you how they shifted from 'ICT focused education' to 'needs assessment-based' education, using an assessment tool that leads to proper adaptations for special needs education in the framework of the 'four in balance' model. We welcome you at our workshop and will share the 'four in balance' development model that we have specially translated to English for you!

Zien en Begrijpen: Project - Seeing and Understanding
10/16/2008 ⊙

Date: Thu, Oct 16, 2008 from 3:30 pm - 4:30 pm
Location: Atrium 2 Sheraton
Category: Curriculum Development
Format: Networking Session / Discussion

Subject Level: All
Computer Level: Beginner

Description:
Education in the 21st Century is increasingly using multimedia. All schools in The Netherlands have access to a national educational Web-based audiovisual resources Web site called Teleblik. In this presentation, you will see, hear, and understand the solutions and lesson plans that allow deaf students, students with hearing loss, and children with speech and language problems from the Dr. J. de Graafschool to use audiovisual resources in their learning.

Intraweb and Dutch Special Education   10/17/2008 ▼

Date: Fri, Oct 17, 2008 from 8:00 am - 9:00 am
Location: Atrium 2 Sheraton
Category: Technology Integration
Format: Networking Session / Discussion

Subject Level: All
Computer Level: Beginner

Description:
In this presentation, educators from four special needs schools in Holland will share with you how they created a safe and protected 'Intraweb' in their schools to allow their students to benefit from ICT enriched learning. It focuses on every day use of ICT in the classroom and how the teachers and students build an "Intraweb for all and by all."

Presenters:
- Julie Kind
- Leon Legierse
- Raf Notermans
- Janneke Ooms-Verhoeven

Special Needs Education in the Netherlands and the Use of ICT: "I Can Do It Myself!"   10/17/2008 ▼

Date: Fri, Oct 17, 2008 from 9:30 am - 10:30 am
Location: Atrium 2 Sheraton
Category: Curriculum Development
Format: Networking Session / Discussion

Subject Level: All
Computer Level: Beginner

Description:
One student, one plan, is the motto of four Dutch expert teachers that will share with you how ICT in their schools helps students and teachers in learning and life. The presentation will give you insight on how special needs education in The Netherlands is using personalized 'back pack' financing, is clustered in four domains, is using Regional Expertise Centers, and is using 'ambulant support' for special needs students that visit regular schools. We share with you a complex model, yet where special needs students say "I can do it myself."

Presenters:
- Ronno de Nijs
- Alexander Kracht
- Hans Walrecht
